

Second Extension of Time to hold Annual General Meeting and Judicial Review

31 March 2016

Company Announcements Office

Extension to AGM

Indochine Mining Limited (Subject to Deed of Company Arrangement) (ASX & POMSx: IDC, the Company) wishes to advise that the Australian Securities & Investments Commission (ASIC) has granted the Company a second extension of time to hold the Annual General Meeting (AGM) for the financial year ended 30 June 2015.

The Company is required to hold the AGM prior to 30 November each year however obtained an initial extension from the ASIC on 22 December 2015 which extended the convening period to 29 February 2016. The second extension granted by ASIC on 30 March 2016 now allows the Company to convene the AGM on or before 30 May 2016.

The reasons for seeking extensions of time to hold the AGM was necessitated by:

- The Company being in external administration;
- The Company's main asset being in dispute; and
- The proponent of Deed of Company Arrangement (DOCA) willing to fund only one shareholder's meeting.

Shareholders will be advised of the relevant details of the AGM as soon as possible and, in any event, will be provided with 28 days' notice.

Judicial Review - OS (JR) 103 of 2016

As previously reported in our announcement dated 2 March 2016, we filed an application with the PNG National Court on 1 March 2016 seeking a judicial review of the Minister's decision on exploration licence EL1093. The hearing to consider granting leave for the judicial review to proceed is scheduled for 5 April 2016.

Other Matters

As no doubt a number of shareholders are aware, a number of statements allegedly made by the PNG authorities were published in *The National*, a newspaper of PNG. We have not restated these comments in the release but, suffice to say, IDC considers that some of those statements are inaccurate and we are working to correct the misstatements with the regulatory bodies. The Company considers it has met all of the milestones it was required to satisfy under the PNG Mining Act 1992.

Nonetheless, IDC remains committed to developing Mt Kare into a profitable, long term project for the benefit of all stakeholders and IDC is appalled at the financial difficulties that will confront landowners, creditors and suppliers and the State of PNG if the project is not advanced expeditiously in circumstances where we have available the resources to commence the capital work program.
